

PORTRAITS -

Candid portraits for any occasion! We love to capture the essence of your amazing events. Including weddings, parties, and any and all special occasions! Our talented team makes post-processing changes and touches to ensure the screen conveys how stunning you are <3

TESTIMONIALS

“archive is tuff bro his shots are gas” - basketball team in Aidan’s english class

“bro wait you’re archive?? those photos are sick” - classmate in ap environmental science

“dude Mudit’s like actually a good photographer” - Aidan’s brother I think

“hey! I saw those shots on Instagram, turned out nice” - the other photographer Eric i think

“bro i heard you’re pretty good at photography” - possibly Will Sydorak?

“can i have your autograph, i loved the work you did in Ms. Bible’s digital 3rd period digital photo in 2022” - anonymous user

“u are awesome bro” - Kellen Torrey circa Thursday January 19th, 2022, at 11:07 PM

SOCIAL MEDIA

We also specialize in social media management! With a background in SEO optimization (from google university), engagement tactics and audience retention (youtube university, by google), and a grasp of digital marketing (unknown source), our experts can fully assist you!

SPORTS

We love sports! Our background is in basketball, but we don't discriminate. Our photographers are well experienced in the proper settings for sports and dealing with the harsh lighting conditions often found in indoor arenas, or combatting the bright light from our lovely sun.

EXPERIENCE

Mudit Mahajan, or archive, has been in the graphic design industry for 2+ years. He taught himself photoshop at a young age, developing his skills from the ground up and supplemented his love for design with a love for photography and content creation. Whether it's a simple portrait shoot needed, a wedding, or your child's big game -

we've got you covered!

SKILLS

We practically live in Photoshop and Lightroom. Almost all photos and graphics delivered to clients are edited in lightroom, the industry professional choice.
